

Bike-Friendly Kingston is raising funds for a pilot bike sharrow installation project on Broadway

Sharrows are markings placed in the center of a travel lane to indicate that a bicyclist may use the full lane.

Sharrows:

- Reduce the chance that a bicyclist will be doored
- Alert motorists that bicycles share the road

- Encourage safe passing of bicyclists by motorists
- Indicate the direction of travel for bicyclists

**Reduce the incidence of
wrong-way bicycling**

Bike-Friendly Kingston members have met with the Mayor and the DPW Director about the installation of sharrows in Kingston. If we are able to raise funds for the stencil and paint, we could have sharrows on Broadway this fall as a pilot project. Your contribution will help us reach our initial fundraising goal of \$5000 for 28 sharrows going in both directions on Broadway.

We already have a donor who will match the first \$500 that we raise, so help us get on our way!

Make checks out to the YMCA of Kingston, our fiscal sponsor, put Bike-Friendly Kingston Sharrows in the notes, and send to Ed Willett, 155 Ten Broeck Ave, Kingston, NY, 12401

Let's help Kingston take the first step to becoming the best place to ride your bike in the Hudson Valley!
